

Combined Product List

Dear Customer,

This list of products has been divided into different food categories (such as bakery, meals and groceries) to make it easier to navigate through our ranges. This list does not contain categories such as basic fruit and vegetables, as these are the unprocessed raw products, or foods served at our fresh counters or and cafes due to the risk of cross contamination. Any of our M&S staff will be able to help you find products from this list in our stores.

These lists are updated on a monthly basis to capture new products and recipe changes. You can request a new list directly from nutrition@marksandspencer.com or download your own copy from www.marksandspencer.com/health

About Our Allergen Labelling

To help our customers identify whether a product is suitable for their diet, we label the following allergens on food and drink products:

Celery, crustaceans, eggs, gluten, fish, lupin, milk, molluscs, mustard, nuts (includes peanuts), sesame, soya, sulphites and yeast.

If any of the above allergens are present in our products as ingredients they will be found in **bold** in the ingredients list.

INGREDIENTS Chicken Breast (87%) · Onions · Single Cream (**Milk**) (18%) · Tomato Paste · Rapeseed Oil · Yogurt (**Milk**) · Low Fat Yogurt (**Milk**) · Unsalted Butter (**Milk**) · Ginger Puree · Lemon Juice · Cornflour · Salt · Garlic Puree · Coriander · Honey · Ground Coriander · Ground Cumin · Black Cardamom · Ground Black Pepper · Colour: Paprika Extract · Ground Turmeric · Ground Green Cardamom · Ground Mace · Whole Cumin Seeds · Chilli Powder · Ground Cinnamon · Paprika · Ground Ginger · Ground Fennel Seeds · Ground Cloves · Ground Nutmeg · Ground Bay Leaves · Chilli Extract.

For allergens see ingredients in bold.

Not suitable for Nut allergy sufferers due to manufacturing methods.

Where there is a risk of cross contamination with any of these allergens an additional statement will appear in the blue box stating 'Not suitable for X allergy sufferers due to manufacturing methods'. It is important that our customers take notice of these warning statements as a detailed risk assessment has been carried out before adding this statement.

It is best to always check the ingredients list before purchasing to help identify whether foods are suitable for your diet.
