

## Activity sheet 3

## Rainbow Giant

The Rainbow Giant loves eating lots of different colour foods, but not at the same time! Each time he has a meal, the food on his plate must be the same colour. For example, yesterday, his breakfast was all yellow, his lunch was all green and his evening meal was all white. You can help the Rainbow Giant plan his meals by writing down or drawing foods which are all the same colour.

Colour	Foods
Red	
Orange	
Yellow	
Green	
Purple	

Which colour did you think of the most foods for?
